Each series of arrows below describes a footwear scenario. The green arrows in the second and fourth columns identify key elements of each scenario that inform the coding of **GG0130H. Putting on/taking off footwear**.

Additional Clinical Considerations

- Use of assistive devices to complete an activity should not affect the coding of this activity.
- For residents with a single lower extremity amputation with or without use of a prosthesis, the activity of putting on/taking off footwear could apply to the intact limb or both the limb with the prosthesis and the intact limb.
- If the resident performed the activity of putting on/taking off footwear for the intact limb only, then code based upon the amount of assistance needed to complete the activity.
- If the resident performed the activity of putting on/taking off footwear for both the intact limb and the prosthetic limb, then code based upon the amount of assistance needed to complete the activity.
