## **I. Disclaimer**

This District of Columbia Essential Health Benefits (EHB) Benchmark Plan provides benefits for many services and supplies. There are also services for which this coverage does not provide benefits.

Nothing in this 2026 Benchmark Plan should be construed as additional Essential Health Benefits (EHB) requirements under Federal Law. At no time shall the set of benefits listed below be construed to allow an issuer to NOT cover any and all federal and state required benefits.

## **II. Detail of Benefits**

### **COMPLEX CHRONIC OR HIGH-RISK ACUTE DISEASE MANAGEMENT**

The following benefits are available to Qualified Individuals to manage the care of complex chronic or high-risk acute diseases when provided by Designated Providers.

A. Chronic Care Coordination Program (CCP). Benefits will be provided for a Designated Provider to work telephonically or otherwise with a chronically ill Qualified Individual and his/her treating physician or nurse practitioner to develop and implement a treatment plan.

B. Complex Case Management (CCM). Specialty Case Managers will initiate and perform CCM services, as deemed Medically Necessary by the Member's treating physician or nurse practitioner. Benefits include:

1. Assessment of Qualified Individual/family needs related to understanding health care status and physician treatment plans, self-care, compliance capability, and continuum of care;
2. Education of Qualified Individual/family regarding illness, physician treatment plans, self-care techniques, treatment compliance, and continuum of care;
3. Assistance in navigating and coordinating health care services and understanding benefits;
4. Assistance in arranging for a primary care physician to deliver and coordinate the Qualified Individual's care with Specialty Case Managers;
5. Assistance in arranging consultation(s) with physician Specialists;
6. Locating community resources, and other organizations/support services to supplement the Care Plan;
7. Implementation of a Care Plan in consultation with the Qualified Individual's treating physician or nurse practitioner.

C. Comprehensive Medication Review (CMR). Benefits will be provided for a pharmacist's review of medications and consultation with the Qualified Individual to improve the effectiveness of pharmaceutical therapy.

D. Enhanced Monitoring Program (EMP). Benefits will be provided for the medical equipment and monitoring services provided to a Qualified Individual with a chronic condition or disease in conjunction with the EMP for maintenance of the Qualified Individual's chronic condition or disease.

E. Expert Consultation Program (ECP). Benefits will be provided for a review by a Specialist of a Qualified Individual's medical records where the Qualified Individual has a complex or rare condition or multiple conditions or diseases for which the course of treatment requires unique expertise.

F. Home-Based Services Program (HBS). Benefits will be provided for medical and associated services specifically outlined in the Home-Based Care Management Plan.

1. The HBS coordinates care through an SCM or LCC for Qualified Individuals in a Care Plan who need considerable support at home, sometimes on a prolonged basis. Services provided may include a home health aide, psycho-social services and other behavioral health services as well as medication management and support in activities of daily living. If such services are needed, they are provided following a home-based assessment by an HCC and become part of the overall plan of care maintained by the LCC or SCM responsible for the Qualified Individual.
2. The need for a Home-Based Care Management Plan is determined by the SCM or LCC, working under the direction of the Qualified Individual's treating physician or nurse practitioner. Benefits will be provided for the HBS when the Qualified Individual is specifically referred to the HBS by an SCM or an LCC for full assessment and integrated home-based services pursuant to a Home-Based Care Management Plan. To be eligible for the HBS, the Qualified Individual must have a home-based assessment performed and completed by a Designated Provider.

A person is deemed to be in a Home-Based Care Management Plan only after the home-based assessment is completed and the plan is subsequently approved by the Qualified Individual's treating physician or nurse practitioner and the SCM or LCC.

3. To maintain participation in the HBS, the Qualified Individual must:
  - a) Participate fully with the Care Plan and Home-Based Care Management Plan and the Qualified Individual's treating physician or nurse practitioner; and,
  - b) Engage in regular communication with the HCC, LCC and/or SCM.
4. Covered Services rendered to the Qualified Individual provided through or as a result of the Home-Based Care Management Plan will not count toward any visit limits stated in the Schedule of Benefits.

## **HOME HEALTH CARE SERVICES**

### **Covered Home Health Care Services**

Benefits are provided for:

- A. Continued care and treatment provided by or under the supervision of a Registered Nurse (RN) or Licensed Practical Nurse (LPN). Services of a home health aide, medical social worker, or registered dietician may be provided, but must be performed under the supervision of a licensed professional (RN or LPN) nurse.
- B. Drugs and medications  
Drugs and medications directly administered to the patient during a covered home health care visit and incidental Medical Supplies directly expended in the course of a covered home health care visit are covered.
- C. Home Health Care Services authorized or approved as Medically Necessary under the utilization management requirements as meeting the conditions for coverage.

Purchase or rental of Durable Medical Equipment is not covered under this provision but may be covered elsewhere in the plan.

This benefit is available for 90 visits per episode. A new episode of care begins if the member does not receive home health care services for the same or a different condition for 60 consecutive days.

### **Conditions for Coverage**

Benefits are provided when:

- A. The Member must be confined to home due to a medical, non-psychiatric condition. "Home" cannot be an institution, convalescent home, or any facility which is primarily engaged in rendering medical or rehabilitative services to sick, disabled, or injured persons.
- B. The Home Health Care visits are a substitute for hospital care or for care in a Skilled Nursing Facility (i.e., if Home Health Care visits were not provided, the Member would have to be admitted to a hospital or Skilled Nursing Facility).
- C. The Member requires and continues to require Skilled Nursing Care or rehabilitation services in order to qualify for home health aide services or other types of Home Health Care Services.
- D. The need for Home Health Care Services is not Custodial in nature.
- E. Services of a home health aide, medical social worker, or registered dietician must be performed under the supervision of a licensed professional nurse (RN or LPN).
- F. All services must be arranged and billed by the Qualified Home Health Agency. Providers may not be retained directly by the Member.

### **Additional Home Health Care Benefits**

**Maternity Services**

The following maternity services are provided for all female Members.

**A. Preventive Services**

1. Routine outpatient obstetrical care of an uncomplicated pregnancy, including prenatal evaluation and management office visits and one postpartum office visit;
2. Prenatal laboratory tests and diagnostic services related to the outpatient care of an uncomplicated pregnancy, including those identified in the current recommendations of the United States Preventive Services Task Force that have in effect a rating of “A” or “B” or provided in the comprehensive guidelines for women’s preventive health supported by the Health Resources and Services Administration;
3. Preventive laboratory tests and services rendered to a newborn during a covered hospitalization for delivery, identified in the current recommendations of the United States Preventive Services Task Force that have in effect a rating of “A” or “B,” the Periodicity Schedule of the Bright Futures Recommendations for Pediatric Preventive Health Care, and the Uniform Panel of the Secretary’s Advisory Committee on Heritable Disorders in Newborns and Children, including the collection of adequate samples for hereditary and metabolic newborn screening and newborn hearing screening; and
4. Breastfeeding support, supplies, and consultation.
5. These services, except for breastfeeding equipment, are covered to the same extent as other preventive services.

**B. Non-Preventive Services**

1. Outpatient obstetrical care and professional services for all prenatal and post-partum complications. Services include prenatal and post-partum office visits and Ancillary Services provided during those visits, such as Medically Necessary laboratory tests and diagnostic services;
2. Inpatient care for delivery;  
Non-preventive routine professional services rendered to the newborn during a covered hospitalization for delivery. Non-routine care of the newborn, either during or following the mother's covered hospitalization, requires that the newborn be covered as a Member in the

newborn's own right. The Out-of-Network]Evidence of Coverage; Agreement describes the steps, if any, necessary to enroll a newborn Dependent child.

3. Postpartum Home Visits. See Pg. 6, Home Health Care Services.

C. Newborn Coverage. Coverage includes:

1. Medically Necessary routine newborn visits including admission and discharge exams and visits for the collection of adequate samples for hereditary and metabolic newborn screening;
2. Medically Necessary care and treatment of medically diagnosed congenital defects and birth abnormalities; and
3. Routine hearing screening consisting of one of the following:
  - a. Auditory brain stem response;
  - b. Otoacoustic emissions; or
  - c. Other appropriate, nationally recognized, objective physiological screening test.

Additionally, benefits will be provided for infant hearing screenings and all necessary audiological examinations provided using any technology approved by the United States Food and Drug Administration, and as recommended by the most current standards addressing early hearing detection and intervention programs by the National Joint Committee on Infant Hearing. Such coverage will include follow-up audiological examinations as recommended by a physician or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss. Infant as used here is defined according to the most current recommendation of the American Academy of Pediatrics.

#### Allergy Services

Benefits are available for allergy testing and treatment, including allergy serum and the administration of injections.

#### Rehabilitation Services

##### A. Definitions

Physical Therapy (PT) includes the short-term treatment that can be expected to result in a significant improvement of a condition. Physical Therapy is the treatment of disease or injury through the use of therapeutic exercise and other interventions that focus on improving a person's ability to go through the functional activities of daily living, to develop and/or restore maximum potential function, and to reduce disability following an illness, injury, or loss of a body part. These may include improving posture, locomotion, strength, endurance, balance, coordination, joint mobility, flexibility, and alleviating pain.

Occupational Therapy (OT) means the use of purposeful activity or interventions designed to achieve functional outcomes that promote health, prevent injury or disability, and that develop, improve, sustain or restore the highest possible level of independence of an individual who has an injury, illness, cognitive impairment, psychosocial dysfunction, mental illness, developmental or learning disability, physical disability, loss of a body part, or other disorder or condition. Occupational Therapy services do not include the adjustment or manipulation of any of the osseous structures of the body or spine.

Speech Therapy (ST) means the treatment of communication impairment and swallowing disorders. Speech Therapy services facilitate the development and maintenance of human communication and swallowing through assessment, diagnosis, and rehabilitation, including cognitive rehabilitation.

##### B. Covered Benefits

Coverage includes benefits for rehabilitation services including Physical Therapy, Occupational Therapy, and Speech Therapy for the treatment of individuals who have sustained an illness or injury.

The goal of rehabilitation services is to return the individual to his/her prior skill and functional level.

This benefit is available for 30 visits per episode. A new episode of care begins if the member does not receive rehabilitation services for the same or a different condition for 60 consecutive days.

#### Spinal Manipulation

- A. Covered Services  
Coverage is provided for Medically Necessary spinal manipulation, evaluation, and treatment for the musculoskeletal conditions of the spine when provided by a licensed chiropractor, doctor of osteopathy (D.O.), or other eligible practitioner.
- B. Limitations. Benefits will not be provided for spinal manipulation services other than for musculoskeletal conditions of the spine.

#### Habilitative Services

Coverage includes Medically Necessary Habilitative services that help a Member keep, learn, or improve skills and functioning for daily living, including, but not limited to, applied behavioral analysis for the treatment of autism spectrum disorder.

This benefit is available for 30 visits per episode. A new episode of care begins if the member does not receive habilitative services for the same or a different condition for 60 consecutive days.

#### Outpatient Therapeutic Treatment Services

Benefits are available for outpatient services rendered in a health care provider's office, in the outpatient department of a hospital, in an ambulatory surgical facility, or other outpatient facility in connection with a medical or surgical procedure covered on Pg. 16, Outpatient Facility, Office, and Professional Services. Benefits include services and treatments such as:

- A. Hemodialysis and peritoneal dialysis;
- B. Chemotherapy;
- C. Radiation therapy, including oncology dialysis;
- D. Cardiac Rehabilitation benefits are provided to Members who have been diagnosed with significant cardiac disease, or who have suffered a myocardial infarction or have undergone invasive cardiac treatment immediately preceding recommendation for Cardiac Rehabilitation. Coverage is provided for all Medically Necessary services. Services must be provided at an approved place of service equipped and approved to provide Cardiac Rehabilitation.
- E. Pulmonary Rehabilitation benefits are provided to Members who have been diagnosed with significant pulmonary disease, or who have undergone certain surgical procedures of the lung. Coverage is provided for all Medically Necessary services. Services must be provided at a approved place of service equipped and approved to provide pulmonary rehabilitation.
- F. Infusion and transfusion services;
- G. Electroshock therapy; and

H. Radioisotope treatment.

Benefits are available for blood and blood products (including derivatives and components) that are not replaced by or on behalf of the Member.

Organ and Tissue Transplants

- A. Coverage is provided for all Medically Necessary, non-Experimental/Investigational bone marrow, solid organ transplant, and other non-solid organ transplant procedures.
- B. Covered Services include the following:
  - 1. The expenses related to registration at transplant facilities. The place of registry is subject to review.
  - 2. Organ procurement charges including harvesting, recovery, preservation, and transportation of the donated organ.
  - 3. Cost of hotel lodging and air transportation for the recipient Member and a companion (or the recipient Member and two companions if the recipient Member is under the age of eighteen (18) years) to and from the site of the transplant.
  - 4. There is no limit on the number of re-transplants that are covered.
  - 5. If the Member is the recipient of a covered organ/tissue transplant, Donor Services (as defined below) are covered to the extent that the services are not covered under any other health insurance plan or contract.

Donor Services means services covered under the which are related to the transplant surgery, including evaluating and preparing the actual donor, regardless of whether the transplant is attempted or completed, and recovery services after the donor procedure which are directly related to donating the organ or tissue.
  - 6. Immunosuppressant maintenance drugs are covered when prescribed for a covered transplant.

High Dose Chemotherapy/Bone Marrow or Stem Cell Transplant

Benefits will be provided for high dose chemotherapy bone marrow or stem cell transplant treatment that is not Experimental/ Investigational, when performed pursuant to protocols approved by the institutional review board of any United States medical teaching college including, but not limited to, National Cancer Institute protocols that have been favorably reviewed and utilized by hematologists or oncologists experienced in dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants.

Clinical Trial Patient Cost Coverage

A. Definitions

Cooperative Group means a formal network of facilities that collaborate on research projects and have an established NIH-approved peer review program operating within the Group. Cooperative Group includes the National Cancer Institute Clinical Cooperative\_Group, National Cancer

Institute Community Clinical Oncology Program, AIDS Clinical Trials Group, and Community Programs for Clinical Research in AIDS.

Multiple Project Assurance Contract means a contract between an institution and the federal Department of Health and Human Services that defines the relationship of the institution to the federal Department of Health and Human Services, and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects.

NIH means the National Institutes of Health.

Qualified Individual, as used in this section, means a Member who is eligible to participate in an approved clinical trial according to the trial protocol, with respect to the treatment of cancer or other life-threatening disease or condition, and the provider who recommended the Member for the clinical trial has concluded that the Member's participation in such trial is appropriate to treat the disease or condition, or the Member's participation is based on medical and scientific information.

Routine Patient Costs means the costs of all Medically Necessary items and health care services consistent with the Covered Services that are typically provided for a Qualified Individual who is not enrolled in a clinical trial that are incurred as a result of the treatment being provided to the Qualified Individual for purposes of the clinical trial. Routine Patient Costs do not include the investigational item, device, or service itself; items or services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

B. Covered Services

1. Benefits for Routine Patient Costs to a Qualified Individual in a clinical trial will be provided if the Qualified Individual's participation in the clinical trial is the result of:
  - a) Treatment provided for a life-threatening disease or condition; or
  - b) Prevention, early detection, and treatment studies on cancer.
2. Coverage for Routine Patient Costs will be provided only if:
  - a) The treatment is being provided or the studies are being conducted in a Phase I, Phase II, Phase III, or Phase IV clinical trial for cancer; or,
  - b) The treatment is being provided in a Phase I, Phase II, Phase III, or Phase IV clinical trial for any other life-threatening disease or condition;
  - c) The treatment is being provided in a federally funded or approved clinical trial approved by one of the National Institutes of Health, the Centers for Disease Control and Prevention, the Agency for Health Care Research and quality, the Centers for Medicare and Medicaid Services, an NIH Cooperative Group, an NIH Center, the FDA in the form of an investigational new drug

application, the federal Department of Veterans Affairs, the federal Department of Energy or a qualified nongovernmental research entity to which the National Cancer Institute has awarded a support grant,, or an institutional review board of an institution in a state that has a Multiple Project Assurance Contract approved by the Office of Protection from Research Risks of the NIH;

- d) The treatment is being provided under a drug trial that is exempt from the requirement of an investigational new drug application.
  - e) The facility and personnel providing the treatment are capable of doing so by virtue of their experience, training, and volume of patients treated to maintain expertise;
  - f) There is no clearly superior, non-investigational treatment alternative;
  - g) The available clinical or pre-clinical data provides a reasonable expectation that the treatment will be at least as effective as the non-investigational alternative.
3. Coverage is provided for the Routine Patient Costs incurred for drugs and devices that have been approved for sale by the FDA whether or not the FDA has approved the drug or device for use in treating the Qualified Individual's particular condition, to the extent that the drugs or devices are not paid for by the manufacturer, distributor, or provider of that drug or device.

#### Diabetes Equipment and Supplies, and Self-Management Training

- A. If deemed necessary, diabetes outpatient self-management training and educational services, including Medical Nutrition Therapy, will be provided through an in-person program supervised by an appropriately licensed, registered, or health care provider whose scope of practice includes diabetes education or management.
- B. Coverage information for diabetic equipment and supplies is located on Pg. 9, Medical Devices and Supplies and Pg. 38, Prescription Drugs.

#### Dental Services

Benefits will be provided to all Members for the following:

##### Accidental Injury

- A. Covered Benefits  
Dental benefits will be provided to repair or replace Sound Natural Teeth that have been damaged or lost due to injury if the injury did not arise while or as a result of biting or chewing, and treatment is commenced within six (6) months of the injury or, if due to the nature of the injury, treatment could not begin within six (6) months of the injury, treatment began within six (6) months of the earliest date that it would be medically appropriate to begin such treatment.

As used in this provision, accidental injury means an injury to Sound Natural Teeth as a result of an external force or trauma resulting in damage to a tooth or teeth, surrounding bone and/or jaw.

- B. **Conditions and Limitations**  
Benefits are limited to Medically Necessary dental services as a restoration of the tooth or teeth or the initial placement of a bridge or denture to replace the tooth or teeth injured or lost as a direct and sole result of the accidental bodily injury. Except as listed here, or on Pg. 26, Treatment for Cleft Lip or Cleft Palate or Both, describing benefits for the treatment of cleft lip or cleft palate or both, dental care is excluded from coverage. Benefits for oral surgery are described below under the heading of Oral Surgery.
- C. **Exclusions**  
Injuries to teeth that are not Sound Natural Teeth are not covered. Injuries as a result of biting or chewing are not covered.

#### Oral Surgery

Benefits include:

- A. Medically Necessary procedures, to attain functional capacity, correct a congenital anomaly (excluding odontogenic congenital anomalies or anomalies limited to the teeth), reduce a dislocation, repair a fracture, excise tumors, non-odontogenic cysts or exostoses, or drain abscesses involving cellulitis and are performed on the lips, tongue, roof, and floor of the mouth, sinuses, salivary glands or ducts, and jaws.
- B. Medically Necessary procedures as needed as a result of an accidental injury, when the Member requests oral surgical services or dental services for Sound Natural Teeth and supporting structures or the need for oral surgical services or dental services for Sound Natural Teeth and supporting structures is identified in the patient's medical records within sixty (60) days of the accident. Benefits for such oral surgical services will be provided up to three (3) years from the date of injury.
- C. Surgical treatment for temporomandibular joint syndrome (TMJ) if there is clearly demonstrable radiographic evidence of joint abnormality due to an illness.

All other procedures involving the teeth or areas surrounding the teeth including the shortening of the mandible or maxillae (orthognathic surgery) for Cosmetic or other purposes or for correction of the malocclusion unrelated to a functional impairment that cannot be corrected non-surgically are excluded.

#### Treatment for Cleft Lip or Cleft Palate or Both

Benefits will be provided for inpatient or outpatient expenses arising from orthodontics, oral surgery, otologic, audiological, and speech/language treatment for cleft lip or cleft palate or both.

#### Outpatient Surgical Procedures

- A. Benefits are available for surgical procedures performed by a health care provider on an outpatient basis including, but not limited to, colonoscopy, sigmoidoscopy, and endoscopy.
- B. Benefits are available for services in a hospital outpatient department or in an ambulatory surgical facility, in connection with a covered surgical procedure, including:
  - 1. Use of operating room and recovery room.

2. Use of special procedure rooms.
3. Diagnostic procedures, laboratory tests, and radiology services.
4. Drugs, medications, solutions, biological preparations, and services associated with the administration of the same.
5. Medical and surgical supplies.
6. Blood, blood plasma and blood products, and related donor processing fees that are not replaced by or on behalf of the Member. Administration of infusions is covered.

#### Anesthesia Services for Medical or Surgical Procedures

Benefits are available for the administration of general anesthesia in connection with a covered medical or surgical procedure. To be eligible for separate coverage, a health care provider other than the operating surgeon or assistant at surgery must administer the anesthesia. For example, a local anesthetic used while performing a medical or surgical procedure is not generally viewed as a separately covered charge.

#### Reconstructive Surgery

Benefits for reconstructive surgery are limited to surgical procedures that are Medically Necessary, and operative procedures performed on structures of the body to improve or restore bodily function or to correct a deformity resulting from disease, trauma, or previous therapeutic intervention.

#### Reconstructive Breast Surgery

Benefits will be provided for reconstructive breast surgery resulting from a Mastectomy.

- A. Reconstructive breast surgery means surgery performed as a result of a Mastectomy to reestablish symmetry between the two breasts.  
  
Reconstructive breast surgery includes:
  1. Augmentation mammoplasty;
  2. Reduction mammoplasty; and
  3. Mastopexy.
- B. Benefits are provided for all stages of reconstructive breast surgery performed on the non-diseased breast to establish symmetry with the diseased breast when reconstructive breast surgery on the diseased breast is performed.
- C. Benefits are provided regardless of whether the Mastectomy was performed while the Member was covered under the Evidence of Coverage; Agreement.
- D. Coverage will be provided for treatment of physical complications at all stages of Mastectomy, including lymphedemas, in a manner determined in consultation with the Member and the Member's attending physician.

#### Limited Service Immediate Care

Coverage is provided for treatment of common conditions or ailments which require rapid and specific treatment that can be administered in a limited duration of time. Limited Service Immediate Care services are non-emergency and non-urgent services.

Services are provided in Limited Service Immediate Care Centers, which are mini-medical office chains typically staffed by nurse practitioners with an on-call physician. Examples of common ailments for which a layperson who possesses an average knowledge of health and medicine would seek Limited Service Immediate Care, include but are not limited to: ear, bladder, and sinus infections, pink eye, flu, and strep throat.

#### Urgent Care Services

Benefits are available for Urgent Care received from an Urgent Care center.

#### Emergency Services

Benefits are available for Emergency Services received in or through a hospital emergency room. Benefits include coverage for the costs of a voluntary HIV test, performed during a Member's visit to a hospital emergency room, regardless of the reason for the hospital emergency room visit.

#### Ambulance Services

Benefits are available for Medically Necessary air and ground ambulance services.

If the Member is outside the United States and requires treatment by a medical professional, benefits will be provided to transport the Member to the nearest location where more appropriate medical care is available. Benefits include air or ground ambulance services, when Medically Necessary

- A. Room and board in a semiprivate room;
- B. Inpatient physician and medical services provided by or under the direction of the attending physician; and
- C. Services and supplies that are not Experimental/Investigational, and ordinarily furnished by the facility to inpatients for diagnosis or treatment.

### Conditions for Coverage

Skilled Nursing Facility care must meet the following conditions for coverage:

- A. The admission to the Skilled Nursing Facility must be a substitute for hospital care (i.e., if the Member were not admitted to a Skilled Nursing Facility, he or she would have to be admitted to a hospital).
- B. Skilled Nursing Facility benefits will not be provided in a facility that is used primarily as a rest home or a home for the aged, or in a facility for the care of drug addiction or alcoholism.
- C. The Member must require Skilled Nursing Care or skilled rehabilitation services which are:
  - 1. Required on a daily basis;
  - 2. Not Custodial; and
  - 3. Only provided on an inpatient basis.

### Custodial Care is Not Provided

Benefits will not be provided for any day in a Skilled Nursing Facility that is primarily for Custodial Care. Services may be deemed Custodial Care even if:

- A. A Member cannot self-administer the care;
- B. No one in the Member's household can perform the services;
- C. Ordered by a physician;
- D. Necessary to maintain the Member's present condition; or
- E. Covered by Medicare.

### III. Prescription Drugs

#### Covered Services

Benefits will be provided for Prescription Drugs, including but not limited to:

- A. Any self-administered contraceptive drug or device, including a contraceptive drug and device on the Preferred Preventive Drug List, that is approved by the FDA for use as a contraceptive and is obtained under a prescription written by an authorized prescriber. - H. Oral chemotherapy drugs.
- I. Hormone replacement therapy drugs.

## **IV. Utilization Management**

Failure to meet the requirements of the utilization management program may result in a reduction or denial of benefits even if the services are Medically Necessary.

### Utilization Management

Benefits are subject to review and approval under utilization management requirements. Through utilization management, the Insurer will:

1. Review Member care and evaluate requests for approval of coverage in order to determine the Medical Necessity for the services;
2. Review the appropriateness of the hospital or facility requested; and,
3. Determine the approved length of confinement or course of treatment in accordance with established criteria.

In addition, utilization management may include additional aspects such as prior authorization, and/or preadmission testing requirements, concurrent review, and discharge planning.

If coverage is reduced or excluded for failure to comply with utilization management requirements, the reduction or exclusion may be applied to all services related to the treatment, admission, or portion of the admission for which utilization management requirements were not met. The terms that apply to a Member's coverage for failure to comply with utilization management requirements are stated in the Schedule of Benefits.

### Member Responsibility

It is the Member's responsibility to ensure that providers associated with the Member's care cooperate with utilization management requirements. This includes initial notification in a timely manner, responding to inquiries and, if requested, allowing representatives to review medical records on-site or in the Insurer's offices. If the Insurer is unable to conduct utilization reviews, Member benefits may be reduced or excluded from coverage.

### Hospital Inpatient Services

- A. All hospitalizations require prior authorization (except for maternity and Emergency admissions as specified). The Member must contact (or have the provider contact the Insurer) at least five (5) business days prior to an elective or scheduled admission to the hospital. If the admission cannot be scheduled in advance because it is not feasible to delay the admission for five (5) business days due to the Member's medical condition, the Insurer must receive notification of the admission as soon as possible but in any event within forty-eight (48) hours following the beginning of the admission or by the end of the first business day following the beginning of the admission, whichever is later.

### Emergency Admissions

The Insurer may not render an adverse decision solely because the Insurer was not notified of the emergency admission within the prescribed period of time after that admission if the Member's condition prevented the hospital from determining the Member's insurance status or the Insurer's emergency admission requirements.

B. Inpatient Mental Illness and Alcohol and/or Substance Abuse Services

The Member must contact the Insurer (or have the provider contact the Insurer) at least five (5) business days prior to an elective or scheduled admission. If the admission cannot be scheduled in advance because care is required immediately due to the Member's condition, the Insurer must receive notification of the admission as soon as possible but in any event within forty-eight (48) hours following the beginning of the admission or by the end of the first business day following the beginning of the admission, whichever is later.

For emergency admissions, the Insurer may not render an adverse decision solely because the Insurer was not notified of the emergency admission within the prescribed period of time after that admission if the Member's condition prevented the hospital from determining the Member's insurance status or emergency admission requirements.

C. Organ and Tissue Transplants

Transplants and related services must be coordinated, and prior authorization must be obtained. Prior authorization is not required for cornea transplants and kidney transplants. Coverage for related medications is available on Pg 38, Prescription Drugs.

D. Inpatient Hospice Care Services

E. Home Health Services

F. Skilled Nursing Facility Services

G. Outpatient Services at Hospital or Ambulatory Facility

H. Medical Devices and Supplies

The Member must contact the Insurer prior to the purchase or rental of the following Medical Devices and Supplies to obtain prior authorization of such purchase or rental:

1. Beds – specialty beds such as heavy duty, pediatric, extra wide, and specialty mattresses
2. Prosthetic Devices
3. Microprocessor limbs
  - a. Cochlear implants
  - b. Speech generating devices
4. Respiratory Devices
  - a. Oral airway devices
  - b. Apnea monitor
5. Mobility Devices, Wheelchairs (power and/or custom), and Power Operated Vehicles
6. Phototherapy Devices

7. Specialty Medical Devices and Equipment
  - a. defibrillators
  - b. wound therapy electrical pumps
  - c. hair prosthesis

8. Repairs of Durable Medical Equipment

The Insurer will determine the Medical Necessity for the covered Medical Devices and Supplies and the appropriateness of the type of appliance, device, equipment or supply requested. Failure to contact the Insurer in advance of the purchase or rental and/or failure and refusal to comply with the authorization given may result in reduction or denial of coverage for the Medical Device or Supply.

Covered Services not listed in this provision do not require prior authorization. The Insurer reserves the right to make changes to the categories of services that are subject to utilization management requirements or to the procedures the Member and/or the providers must follow. The Insurer will notify the Member of these changes at least forty-five (45) days in advance.

Prior authorization is not required for any Covered Services when Medicare is the primary insurer.

Concurrent Review and Discharge Planning.

Following timely notification, the Insurer will instruct the Member or the Member's representative, as applicable, about the procedures to follow, including the need to submit additional information and any requirements for re-notification during the course of treatment.

## V. Exclusions and Limitations

### General Exclusions

Coverage is not provided for:

- A. Any services, tests, procedures, or supplies which determine are not necessary for the prevention, diagnosis, or treatment of the Member's illness, injury, or condition. Although a service or supply may be listed as covered, benefits will be provided only if it is Medically Necessary and appropriate in the Member's particular case.
- B. Any treatment, procedure, facility, equipment, drug, drug usage, device, or supply which is Experimental/Investigational, or not in accordance with accepted medical or psychiatric practices and standards in effect at the time of treatment, except for covered benefits for clinical trials.
- C. The cost of services that:
  - 1. Are furnished without charge; or
  - 2. Are normally furnished without charge to persons without health insurance coverage; or
  - 3. Would have been furnished without charge if a Member were not covered under any health insurance.

This exclusion does not apply to:

- 1. Medicaid;
  - 2. Care received in a Veteran's hospital unless the care is rendered for a condition that is a result of a Member's military service.
- D. Any service, supply, drug or procedure that is not specifically listed in the Member's Out-of-Network Evidence of Coverage; Agreement as a covered benefit or that do not meet all other conditions and criteria for coverage. Provision of services by a health care provider does not, by itself, entitle a Member to benefits if the services are not covered or do not otherwise meet the conditions and criteria for coverage.
- E. Routine, palliative, or Cosmetic foot care, including flat foot conditions, supportive devices for the foot, treatment of subluxations of the foot, care of corns, bunions (except capsular or bone surgery), calluses, toe nails, fallen arches, weak feet, chronic foot strain, and symptomatic complaints of the feet.
- F. Routine eye examinations and vision services. - G. Any type of dental care (except treatment of accidental bodily injuries, oral surgery, cleft lip or cleft palate or both, and pediatric dental services), including extractions, treatment of cavities, care of the gums or bones supporting the teeth, treatment of periodontal abscess and periodontal disease, removal of teeth, orthodontics, replacement of teeth, or any other dental services or supplies. Benefits for accidental bodily injury are described on Pg. 26, Dental Services. Benefits for oral surgery are described on Pg. 26, Oral Surgery. Benefits for treatment of cleft lip, cleft palate or both are described on Pg. 25-26, Treatment for Cleft Lip or Cleft Palate or Both. Benefits for pediatric dental services are described on Pg. 29, Pediatric Dental Services. All other procedures involving the teeth or areas and structures surrounding and/or supporting the teeth, including surgically altering the mandible

or maxillae (orthognathic surgery) for Cosmetic purposes or for correction of malocclusion unrelated to a documented functional impairment are excluded.

- H. Cosmetic surgery (except benefits for reconstructive breast surgery or reconstructive surgery) or other services primarily intended to correct, change, or improve appearances. Cosmetic means a service or supply which is provided with the primary intent of improving appearances and not for the purpose of restoring bodily function or correcting deformity resulting from disease, trauma, or previous therapeutic intervention.
- I. Treatment rendered by a health care provider who is the Member's Spouse, parent, child, grandparent, grandchild, sister, brother, great grandparent, great grandchild, aunt, uncle, niece, or nephew, or resides in the Member's home.
- J. All non-Prescription Drugs, medications, biologicals, and Over-the-Counter disposable supplies, routinely obtained without a prescription and self-administered by the Member, except as listed as a Covered Service above, including but not limited to: cosmetics or health and beauty aids, support devices, non-medical items, foot care items, first aid and miscellaneous medical supplies (whether disposable or durable), personal hygiene supplies, incontinence supplies, and Over-the-Counter medications and solutions, except for Over-the-Counter medication or supplies dispensed under a written prescription by a health care provider that is identified in the current recommendations of the United States Preventive Services Task Force that have in effect a rating of "A" or "B".
- K. Foods or formulas consumed as a sole source of supplemental nutrition, except as listed as a Covered Service in this Description of Covered Services.
- L. Treatment of sexual dysfunctions or inadequacies including, but not limited to, surgical implants for impotence, medical therapy, and psychiatric treatment.
- M. Fees and charges relating to fitness programs, weight loss, or weight control programs, physical or other programs involving such aspects as exercise, physical conditioning, use of passive or patient-activated exercise equipment or facilities and self-care or self-help training or education, except for diabetes outpatient self-management training and educational services. Cardiac Rehabilitation and pulmonary rehabilitation programs are covered as described on Pg. 16, Outpatient Facility, Office, and Professional Services.
- N. Maintenance programs for Physical Therapy, Speech Therapy, and Occupational Therapy for those services as stated on Pg. 20-21; and Cardiac Rehabilitation and pulmonary rehabilitation as stated in Outpatient Therapeutic Treatment Services on Pg. 21.
- O. Medical or surgical treatment for obesity, weight reduction, dietary control or commercial weight loss programs, including morbid obesity. This exclusion does not apply to:
  - 1. Well child care visits for obesity evaluation and management;
  - 2. Evidence-based items or services for preventive care and screening for obesity that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF);
  - 3. For infants, children, and adolescents, evidence-informed preventive care and screening for obesity provided for in the comprehensive guidelines supported by the Health Resources and Services Administration;
  - 4. Office visits for the treatment of childhood obesity; and

- 5. Professional Nutritional Counseling and Medical Nutrition Therapy as described in this Description of Covered Services.
- Q. Medical or surgical treatment of myopia or hyperopia, including radial keratotomy and other forms of refractive keratoplasty or any complications thereof.
- R. Services that are beyond the scope of the license of the provider performing the service.
- S. Services that are solely based on court order or as a condition of parole or probation.
- T. Health education classes and self-help programs, other than birthing classes or those for the treatment of diabetes.
- U. Acupuncture services, except when approved or authorized by the Insurer when used for anesthesia.
- V. Any service related to recreational activities. This includes, but is not limited to, sports, games, equestrian, and athletic training. These services are not covered unless authorized or approved, even though they may have therapeutic value or be provided by a health care provider.
- W. Services or supplies for injuries or diseases related to a covered person's job to the extent the covered person is required to be covered by a workers compensation law.
- X. Private duty nursing.
- Y. Non-medical services, including, but is not limited to:
  - 1. Telephone consultations, failure to keep a scheduled visit, completion of forms, copying charges or other administrative services provided by the health care provider or the health care provider's staff.
  - 2. Administrative fees charged by a physician or medical practice to a Member to retain the physician's or medical practices services, e.g., "concierge fees" or boutique medical practice membership fees. Benefits under the Evidence of Coverage; Agreement are available for Covered Services rendered to the Member by a health care provider.
- Z. Rehabilitation services, including Speech Therapy, Occupational Therapy, or Physical Therapy, for conditions not subject to improvement.
- AA. Non-medical Ancillary Services such as vocational rehabilitation, employment counseling, or educational therapy.
- BB. Services or supplies resulting from accidental bodily injuries arising out of a motor vehicle accident to the extent the services are payable under a medical expense payment provision of an automobile insurance policy, excluding no fault insurance.
- CC. Transportation and travel expenses (except for Medically Necessary air and ground ambulance services, and services listed under 'Organ and Tissue Transplants', of this Description of Covered Services), whether or not recommended by a health care provider.

- DD. Services or supplies received from a dental or medical department maintained by or on behalf of an employer, mutual benefit association, labor union, trust, or similar persons or groups.
- EE. Services, drugs, or supplies the Member receives without charge while in active military service.
- FF. Habilitative Services delivered through early intervention and school services.
- GG. Custodial Care.
- HH. Services or supplies received before the Effective Date of the Member's coverage under the Evidence of Coverage; Agreement.
- II. Durable Medical Equipment or Medical Supplies associated or used in conjunction with non-covered items or services.
- JJ. Services required solely for employment, insurance, foreign travel, school, camp admissions or participation in sports activities.
- KK. Work Hardening Programs. Work Hardening Program means a highly specialized rehabilitation program designed to simulate workplace activities and surroundings in a monitored environment with the goal of conditioning the participant for a return to work.
- LL. Chiropractic services or spinal manipulation treatment other than spinal manipulation treatment for musculoskeletal conditions of the spine.
- MM. Any illness or injury caused by war (a conflict between nation states), declared or undeclared, including armed aggression.

#### Pediatric Dental Services

##### A. Limitations

1. Covered Dental Services must be performed by or under the supervision of a Dentist with an active and unrestricted license, within the scope of practice for which licensure or certification has been obtained.
2. Benefits will be limited to standard procedures and will not be provided for personalized restorations or specialized techniques in the construction of dentures including precision attachments and custom denture teeth.
3. If a Member switches from one Dentist to another during a course of treatment, or if more than one Dentist renders services for one dental procedure, the Insurer shall pay as if only one Dentist rendered the service.
4. We will reimburse only after all dental procedures for the condition being treated have been completed (this provision does not apply to orthodontic services).
5. In the event there are alternative dental procedures that meet generally accepted standards of professional dental care for a Member's condition, benefits will be based upon the lowest cost alternative procedure.

## **VI. Patient-Centered Medical Home**

### **Definitions**

Care Coordination Team means the health care providers involved in the collaborative process of assessment, planning, facilitation, and advocacy for options and services to meet the Member's health needs through communication and available resources to promote quality cost-effective outcomes.

Care Plan means the plan directed by a health care provider, and coordinated by a nurse coordinator and Care Coordination Team, with engagement by the Qualifying Individual. The Care Plan is created in accordance with the PCMH goals and objectives.

Patient-Centered Medical Home Program ("PCMH") means medical and associated services directed by the PCMH team of medical professionals to:

- A. Foster the health care provider's partnership with a Qualifying Individual and, where appropriate, the Qualifying Individual's primary caregiver;
- B. Coordinate ongoing, comprehensive health care services for a Qualifying Individual; and
- C. Exchange medical information with other providers and Qualifying Individuals to create better access to health care, increase satisfaction with medical care, and improve the health of the Qualifying Individual.

Qualifying Individual means a Member with a chronic condition, serious illness or complex health care needs, requiring coordination of health services and who agrees to participate in the PCMH.

### **Covered Benefits**

Benefits will be provided for the costs associated with the coordination of care for the Qualifying Individual's medical conditions, including:

- A. Assess the Qualifying Individual's medical needs;
- B. Provide liaison services between the Qualifying Individual and the health care provider(s) and the Care Coordination Team;
- C. Create and supervise the Care Plan;
- D. Educate the Qualifying Individual and family regarding the Qualifying Individual's disease and self-care techniques;
- E. Arrange consultations with Specialists and assist with obtaining Medically Necessary supplies and services, including community resources, for the Member; and
- F. Assess treatment compliance.

### **Limitations**

Benefits provided through the Patient-Centered Medical Home Program are available only when provided by an approved health care provider who has elected to participate in the PCMH.
