Subject: **CORRECTION:** 2024 Medicare Part C and Part D Data Validation of Reporting Requirements Data – 30-day Comment Period

Correction email to provide working links and the updated deadline for comments.

The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for Medicare Advantage Organizations, Part D sponsors, and other stakeholders to comment on the proposed 2024 Medicare Part C and Part D Data Validation (DV) of Reporting Requirements data for the 2023 collection period.

In the updated materials for the 30-day comment period, CMS continues to propose revising the DV process to decrease labor and cost burdens associated with this annual activity. The new Examination Engagement Standards (EES) document streamlines the evaluation points for review by independent Data Validation Contractors (DVCs). Additionally, CMS proposes that the DV period will now take place from April 1 – June 15.

The 30-day notice for the proposed Medicare Part C and Part D Data Validation (CMS-10305; OMB control number: 0938-1115) is published at:
<https://www.federalregister.gov/documents/2023/08/11/2023-16804/agency-information-collection-activities-submission-for-omb-review-comment-request>. This is a revision to a previously approved collection. Comments must be received by September 11, 2023, electronically or by mail per the instructions in the notice. The supporting statement and related forms for the proposed collection summarized in this notice are available at <https://www.cms.gov/regulations-and-guidance/legislation/paperworkreductionactof1995/pralisting-items/cms-10305>.

Thank you.
