

This zip file contains four documents that include the comment letters received on the Medicare Drug Price Negotiation Program: Initial Memorandum, Implementation of Sections 1191-1198 of the Social Security Act for Initial Price Applicability Year 2026, and Solicitation of Comments. As noted in the Medicare Drug Price Negotiation: Revised Memorandum, Implementation of Sections 1191-1198 of the Social Security Act for Initial Price Applicability Year 2026 (the “revised guidance”), for public submissions from individuals not representing organizations, CMS has removed the name, address, and contact information of the individual for privacy purposes. Additionally, substantively duplicative submissions (e.g., submitted as a part of a coordinated advocacy campaign) are combined into a single submission, resulting in 181 comment letters, and 3 letter campaigns (that constituted the rest of the more than 7,500 comment letters received).

Due to technical constraints, we have separated some comments into separate files.
